

Press Release

Date: May 19, 2008

The Warren County Health Department would like to remind everyone that summer is fast approaching. Children will be outside riding their bikes, skateboards, scooters, etc.

The importance of wearing a helmet is vital. So, along with the other services we provide which include immunizations, blood pressure checks, and birth and death certificates. We are also offering free helmets to children and adults.

If you would like more information regarding all of these services please call us at 636-456-7474 between the hours of 8:00-4:30 Monday-Friday. Or visit our website www.warrencountyhealth.com No walk-ins please.
