

Community Fitness Center Business Sponsorships

The Warren County Health Department hosted Community Fitness Center is funded through limited grants that work to improve access to places for increased physical activity as well as encourage local employers to promote wellness to their employees. We believe that one way to accomplish this is to offer you, our local businesses the opportunity to have a large banner (provided by us) displayed at our fitness center for a nominal fee which in turn helps us support the fitness center. In addition to the banner display, we will promote our sponsors on social media, in print media and at our community events. And last, but not least, in an effort to assist you in promoting increased physical activity and wellness to your employees, **ALL of your employees will receive at 25% discount to a punch card/open gym pass combo to the facility.** By providing this benefit to your employees it will show you genuinely care about their health and well-being! Healthy employees equal increased productivity, decreased absenteeism and improved morale.

Business Card Sponsors will be allowed to place 8 business cards on our Business Spotlight Bulletin Board.

In addition, any level sponsor (Banner or Business Card) is granted permission to display promotional materials and have space/ limited items for sale at the fitness center (upon prior approval) during the time sponsorship is purchased. Space is limited to 2' X 2' maximum.

Contact Name: _____

Business Name: _____

Address: _____

Phone: _____ Email: _____
